To Our Classmate and Friend

On very rare occasions are we fortunate enough to befriend someone like Carline; brave, compassionate, mindful, and proud. From her we take lessons in persevering through life's hardships and, more importantly, cherishing all that is good.

We will always hold dear the time she spent with us and are honored to dedicate this publication to Carline St. Hubert, Freshman Class of 1995.

Your friend is your needs answered.

She is your field which you sow with love and reap with thanksgiving.

For you come to her with your hunger, and you seek her for peace.

When you part from your friend, you grieve not;

For that which you love most in her may be clearer in her absence, as the mountain to the climber is clearer from the plain.

And let there be no purpose in friendship save the deepening of the spirit.

And let your best be for your friend.

If she must know the ebb of your tide, let her know its flood also.

For what is your friend that you should seek her with hours to kill?

Seek her always with hours to live.

For it is hers to fill your need, but not your emptiness.

And in the sweetness of friendship let there be laughter, and sharing of pleasures.

For in the dew of little things the heart finds its morning and is refreshed.

Gibran, The Prophet.

SGA History

T*he former residence of the Cogliano family is now the new home of the Student Government Center (SGA) at Curry College. The colonial style home was built in the 1920's at the junction of Rts. 138 and 128 in Milton, MA. The house remained at this location until 1956 when the house became an obstacle in the Rt. 128 construction project. The Cogliano family decided to search for a new location for their existing home, rather than purchase a new property. Their search proved successful and they moved their house just down Rt. 128 (then a dirt road), to Blue View Nursery at the junction of Rts. 128 and 95. The house remained at this location where Mr. and Mrs. Cogliano raised four boys (Gregory, James, Matthew and Frank) and one girl (Elaine). In 1997, the Cogliano family decided to sell the land, but retain their home. Shortly after the sale of the property, the family began the process of offering their house to a new owner, provided the house was moved to a new location. Curry learned of the offer and gladly accepted the house as a perfect fit with the charm and homey character of the campus. On May 31, 1998, at approximately 2:00 a.m., the seven room, two bath, colonial was moved to Curry College. Shortly after the move a foundation was constructed behind the Office of Student Affairs that connected it to the existing structure. The finished project created additional office space, a reception area and a larger space for the Student Government Association. The donation of the Cogliano family home to Curry College was a wonderful gift and has proven to be an appreciated asset to the college.*
